

Course title: Internship
Course code:
ECTS credits: 1
Requirements: None
Basic information
Level of studies: Undergraduate applied studies
Year of study: 3
Trimester: 3
Goal: The goal of intership in enterprises and other institutions is to train students to independently perform jobs which are necessary for the management and development of finances and business informatics in industry.
Outcome: The student should get familiar with the organizational and managerial structure and business operations of enterprises or other institutions in the field of finances. The internship in a company should equip the student with all necessary knowledge prescribed by the curriculum and syllabus of the study program.

4.
5.
6.
7.
8.
9.
10.
Practical instruction (Problem solving sessions/Lab work/Practical training)
1.
2.
3.
4.
5.
6.
7.

8.
9.
10.
Textbooks and References
1.
2.
3.
4.
5.
Number of active classes (weekly):
Lectures: 0
Practical classes: 0
Other types of classes: 6
Grading (maximum number of points: 100)
Pre-exam obligations: Points
Activities during lectures:
Activities on practical exercises: 100
Seminary work:
Colloquium:
Final exam: Points
Written exam:
Oral exam:
